Dear Resident,

Ref: Your views on possible changes on Comeytrowe Road

We are writing to seek residents' views on possible changes to the road layout and access along Comeytrowe Road, Taunton.

Somerset Council are exploring locations where removing through routes for motor vehicles could improve access for people walking, cycling and horse riding.

Comeytrowe Road has been identified as an opportunity to achieve this by:

- providing a safer route for walking and cycling to the north and south;
- connecting to the existing route along Galmington Stream and future routes into the Comeytrowe development area; and
- helping to create a more attractive route towards Trull, Musgrove Hospital and the town centre.

If progressed, any changes would be put in as a trial under an Experimental Traffic Order that can last up to 18 months. This would enable residents to try it out, with further consultation to inform any decision on whether the scheme should be made permanent.

A potential location for an initial trial has been identified at a location immediately south of the junction with Lloyd Close as shown on Plan 2.

People on foot, wheeling or cycling would still be able to travel through the motor vehicle restriction also known as a modal filter. This could be achieved using bollards, planters or concrete blocks with additional signage to make road users aware of the restriction ahead.

We would therefore like to seek your views on the following:

- 1.) What do you think of a proposed trial to reduce through traffic on Comeytrove Road?
- 2.) Are there any other comments regarding access needs that you would like to raise?

How to Respond

Please get in touch to tell us your views for the questions above by responding via **<https://somersetcouncil.citizenspace.com/highways/greenlanes>** or by using the QR code below by **Tuesday 24th February 2026**.

If you require materials in a different format, please get in touch via email at **transportschemes@somerset.gov.uk**

Responses can also be sent **FAO: Transport Scheme Commissioning** as per the address details below.

The Council will also engage with Taunton Town Council and Trull Parish Councils as part of this consultation. We look forward to hearing your views.

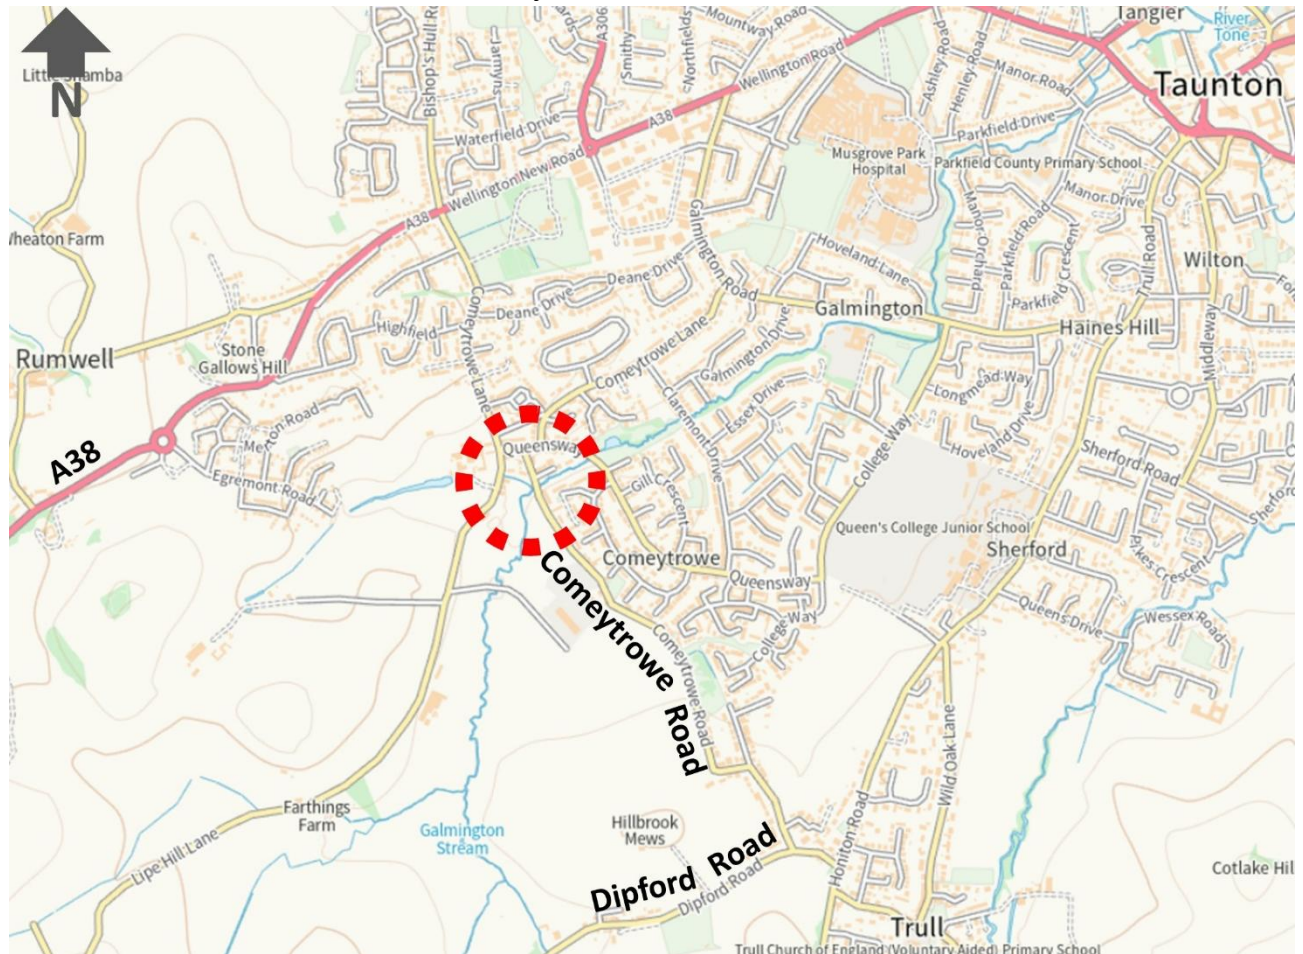

Yours faithfully,

Alan Muir
