FAO: Taunton Town Council and Trull Parish Councils,

Green Lane Consultation

Somerset Council are seeking views on possible changes to the road layout and access in the above location. This is one of five locations the Council are considering trialling the removal of through routes for motor vehicles to help improve access for people walking, cycling and horse riding to the countryside and wider Somerset landscape.

Please find attached a copy of the letter being issued to residents and local businesses likely to be affected by proposals. Local Councillors will also be notified of the consultation.

-

How to Respond

This is a key stage in this process to help the Council better understand how to balance the needs of all users. If progressed, any changes would be put in as a trial to enable residents and businesses to try it out, with further consultation to inform any decision on whether any trial should be made permanent.

Please get in touch to tell us your views for the questions above by responding via <https://somersetcouncil.citizenspace.com/highways/greenlanes> by **Tuesday 24th February 2026**.

Your views will help us assess whether these changes are appropriate and how they might affect different communities before progressing any further.

Yours faithfully

Alan Muir
